JD / Alison / Carlton / Weiquan:

Good morning.

I have attached a DRAFT of the first monthly report associated with the weir treatment project. Before submitting this as final, I'd like to receive any feedback you may have regarding content, layout or depth of information provided. My objective with the document's format was to break the project out in to logical units in an effort to effectively communicate status on a month to month basis. Please feel free to provide comment inside the attached word doc.

In addition, once finalized, my thought was to provide this to all parties including BOR and SNWA to make certain lines of communication remain open.

Please advise.

Thank you,

Andrew W. Steinberg
